

Pohřebačka 225, 533 45 Opatovice nad Labem, CZ

Customer	Scope of work	Year
Clon Bio Ltd, Dunafordvar, Hungary	Installation of the SS piping DN150, thickness 3.0mm, material 1.4301 and supports on existing piperack structures. DN 450 CS, thickness 10mm, shutdown works	2022
AS Service, France	Mechanically welded assembly of sheet metal	2022
TSE, France	Prefabrication in client's workshop and installation of double-jacketed pipes on-site	2022
AKTID, France	Installation of steel structure, conveyor and technological equipment	2021
CTL, France	Manufactuer SS containers in our workshop and delivery in France	2021
IZOTECHNIK Sp. z o.o.	Shutdown works	2021
TSE, France	Various prefabrication and installation projects for carbon and stainless steel pipes. Projects carried out in Germany, Belgium and France	2021
OMYA CZ	Manufacture of approximately 3 T steel structure for installation of technological equipment. Modification of conveyors and integration of these equipments into the production zone.	2021
TPI	Inox piping work for an extension of a pharmaceutical production unit.	2021
ALLIA	Prefabrication in our workshops and on-site installation of pipe spool. Waste wood cogeneration plant project. Pipework CAT I, II , and III , following DESP	2021
GEA Process Engineering, Valio Oy, Finland	Assembly of milk dryer - soft stainless steel pipes up to DN 1000, stop work, technology installation	2021
INGTOP, UK	Production and assembly of pipes at the installation site of Goole, The United Kingdom. Pre-production of pipelines in our premises, Opatovice nad Labem, The Czech republic	2021
Clon Bio Ltd, Pannonia, Hungary	Production and assembly of pipes DN450 with a total length of 252 meters, material SS and CS	2021
Promont, a. s. - BorsodChem MCHZ, s.r.o	Adiabatic Nitration of Benzene (ANB-II). Supply, production and assembly of auxiliary steel structures, pre-production and assembly of pipes class 11 and 17.	2020-2021

TSE, France	Installation of main lines in stainless steel DN 125 in the modular hospital set up in Belgium	2021
Marius Pedersen a.s.	Production of stainless steel shafts for biogas station mixers	2021
Vodňanská drůbež, PLC	Assembly work and installation of poultry processing technology	2021
Vodňanská drůbež, PLC	Production of hot-dip galvanized two and three pole frames and installation of cooling tunnel technology	2020 - 2021
Sev.en Energy AG	Production of steel service platforms including coatings. Total weight 2 tonnes.	2020
TSR Hradec Králové	Production of 2 ramps for forklift trucks, each weighing 2 tonnes, including production documentation and coating	2020
AGC AUTOMOTIVE CZECH, PLC	Disassembly and ecological disposal of the original 48-tonne autoclave, transport, placing and installation of a new autoclave	2020
VCES, PLC., paper mill in Olšany	Production and assembly of stainless steel drainage gutters, delivery and assembly of stainless steel load grates	2020
Trivium packing, Skřivany	Installation of paint line, production and installation of technological pipes for the line (water, gas, vacuum, air)	2020
STIB, France	Connection of carbon steel pipes of newly installed machines (Machining machine), Alsace	2020 - 2021
TSE, France	Installation of a DN 80 carbon steel pipe lines network in a boiler room, Alsace	2020
TPI, France	Installation of a stainless steel pipe lines network DN 100 for the pharmaceutical industry, Alsace	2020
TSE, France	Installation of Mapress pipes and support for modular production (manufacture a modular hospital), Germany	2020
TSE, France	Installation of stainless steel pipe lines network DN 50 in the food industry, Alsace	2020
Inss Pol, Poland	Stainless steel construction (8,000 kg) in the food industry, Krupka	2020
Bazénservis, Ltd., Týniště n/O	Delivery and installation of stainless steel pipes in the pumping room of the swimming hall in Ústí n/L. Pipe DN 50 - DN 400 in the range of about 2 tons.	2020
LZ Draslovka, PLC Kolín	Delivery and installation of brine pipes DN 50 - DN 500, total weight about 13 tons, including coatings and insulations.	2020
LZ Draslovka, PLC Kolín	Work in the shutdown of the plant - disassembly of pipes and technological equipment as part of a downtime in the scope of work for CZK 1,500,000	2020
Charmont, Ltd. Prague	Installation of stainless steel pipes in Tivall Krupka in the range of CZK 600,000	2020
SteelTech, Ltd. Chrudim	Delivery and production of service platform made of CS material including coatings, weight 5.5 tons.	2020

PROMONT, PLC	Installation of piping wiring made of SS and CS PS100 material, delivery and installation of piping storage brackets within the project Adiabatic Nitration of Benzene (ANB-II), BorsodChem MCHZ, Ltd., Ostrava. Installation range: approx. 90 tons of pipe DN 15 - DN 600, about 34 tons of auxiliary steel structures.	2019
ZVU Engineering, PLC	Partial delivery, pre-assembly and assembly IN and OFF SKID pipes and technological equipment for 30,000 Nm ³ /h Hydrogent Plant - Novatek. Scope of work: approx. 174 tons of pipes, material 3.11, 15 and 17. Auxiliary steel structures approx. 16 tons, technological equipment about 200 tons. Installation of steel structures of skids 107 tons. Coatings, insulation, packaging and shipping.	2019
LZ Draslovka, PLC Kolín	Work in the shutdown of the plant - dismantling of pipes and TZ within the scope of work in the scope of work for CZK 350,000	2020
Sev.en Engineering Ltd.	Injection of SO ₃ into flue gas - extension of the connecting SS pipe of existing technology on blocks 1 and 2, including the supply of insulation	2019
Steap Stailor, France	Work on the pipe rack, France	2019
TPI, France	Installation of stainless steel in France for pharmaceutical industry, 100 % welds inspection.	2019
Sev.en Energy AG	Production and installation of SS pipes for connection of SO ₃ dosing technology to flue gas on block 1, including supply of insulation	2019
Chládek a Tintěra	Production and installation of steel structure of production hall	2019
Promont, PLC	Production and installation of piping systems. Installation of technological equipments	2019
HANUŠ RIDES Ltd.	Production of weldments from supplied parts, oversized parts for carousel	2019
Kronospan CR Ltd.	Installation works in the shutdown of the plant	2019
Technomont Frýdek-Místek Ltd.	Installation of technological equipments, piping, steel structure	2019
FERI Ltd.	Project of modification of the steel columns in the hall in FERI Ltd.	2019
FIB BELGIUM S. A	Production of oversized galvanizing baths, weigh 8t for Belgian company	2019
Ardagh Group	Piping for complete technology in the new hall, delivery and assembly of 2 circulating pumps and equipment for their functionality, delivery and installation of a buffer tank incl. safety valve	2019
CS Cabot Ltd. Valašské Meziříčí	Change of the heat exchangers incl. tubing, dismantling and partial supply of technical equipment. Delivery and installation of steel structure and piping	2019
Kovoprojekta Brno, PLC	Installation works in the shutdown - for Ethanol Energy PLC, Vrdu	2019

TSE, Francie	Installation works in the shutdown - pharmaceutical industry	2019
TEK services, Francie	Production, delivery and installation of stainless steel structure and tripple jacketing piping for food industry	2019
PSV STAVEBNÍ Ltd.	Production of stainless steel platform - Nippon Paint Automotive Coatings (Czech) s.r.o	2019
TIVALL CZ, Ltd.	Production of stainless steel structure	2018
VCES, PLC	Production and assembly of stainless steel kick plates - TIVALL CZ, s.r.o .. - food industry	2018
MATĚNA FRANTIŠEK-DIESELGENERATOR.CZ	Production of gass collector	2018
IZOTECHNIK Sp. z o.o.	Installation work within shutdown work, Kralupy nad Vltavou refinery	2018
UNIPETROL RPA, Ltd.	Technical - engineering activities - work within shutdown - Kralupy nad Vltavou refinery	2017
MND, PLC	Disassembly of methanol unit - Slovenia	2017
TOBOS Ltd.	Prodction, delivery and installation of steel structure for Macro	2017
STOCK Plzeň – Božkov Ltd.	Moving of tanks, Production and installation of a new alcohol tank bottom	2017
Kronospan CR Ltd.	Installation work within shutdown work	2017
ASC process system Ltd.	Autoclave installation Paris, Charles de Gaulle, France	2017
VELDKAMP	Production and installation of production line - Ardagh Metal Packaging Czech Republic s.r.o	2017
Charmont, PLC Prague	Production, installation and transport of stainless steel production platforms for Tivall Krupka	2016-2017
FIB BELGIUM S. A	Production of special basind -for macerating of the wires, 13t and 8t for Belgian companies	2016
ZVU Engineering, PLC, Hradec Králové	Production, installation and packing of piping for SKID units for Pakistan	2016
Fosfa, PLC, Břeclav	Replacement of piping system during shutdown	2016
ZVU Engineering, PLC, Hradec Králové	Production, installation and packing of piping for SKID units for Radkin - Polland	2016
Kovoprojekt Brno, PLC	Replacement of the safety flare piping - Unipetrol Litvínov	2016
Technomont Frýdek-Místek Ltd.	Installation works during the shutdown in Unipetrol RPA	2015-2016
Česká rafinérská, PLC, Litvínov	Technical and engineering support for for quality assurance - during Litvínov and Kralupy nad Vltavou refinery, shut downs since year 2011	2011, 2015-2016
Bilfinger Industrial Services Czech Ltd.	Installation of the "B" building in the framework of the construction of "Membrane Electrolysis" in the Association for hemical and metallurgical production	2015-2016
Kovoprojekt Brno, PLC	Project CHS - EPI, production of epichlorohydrin and hydrochloric acid - in the Association for Chemical and Metallurgical Production - Ústí nad Labem - pipeline installation incl. Technological Equipment	2015

Ardagh Group	Moving and installation of production lines	2015
P&G Rakona Rakovník	Production and installation of service platform	2015
CS Cabot s. r. o. Valašské Meziříčí	Change of bundle for heat exchangers incl. tubing, dismantling and partial supply of technical equipment. Delivery and installation of steel structure and piping	2015
ČKD DIZ, PLC, Prague	Technical and engineering support	2014-2015
Kovoprojekt Brno, PLC	Piping installation in the Association for Chemical and Metallurgical Production	2014
AERO Vodochody, PLC	Installation and production of waste gas piping, Steel hardening plant - outdoor objects of auxiliary sets PS 04 - piping system	2013
Beck & Pollitzer Ltd. , Kolín	Installation of piping in TPCA Kolín, Czech r	2013
Saint – Gobain Weber Terranova, PLC – production premises in Prostějov	Installation of steel structures and technology - complete line for production of loose mixtures - assembly of equipment from MAXIT ABANNILA SPAIN	2012
ZVU Engineering, PLC, Hradec Králové	Installation, pre-assembly and installation of IN & OFF SKID - process equipment for 30.000 Nm ³ /h Hydrogen Plant Unit - project Antipinsky	2012-2013
Coca Cola, PLC, Prague	Installation works during shutdown	2012
AVT Ltd. , Hradec Králové	Skid unit production - production and delivery of 2 units for reverse osmosis production	2012
Graintec A/S, Dánsko	Installation of technological equipments and piping in Skretting A/S Norway - production of fish granules	2012
Česká rafinérská, PLC., Kralupy nad Vltavou	Technical and engineering support for quality assurance - and documentation quality	2012
Saint – Gobain Weber Terranova, PLC – production premises in Prostějov	Installation of productionline for paste plasters, delivery and installation of the technological equipment, steel structures and piping	2011-2012
Diamo s. p. Stráž pod Ralskem	Diamo s. p. - production and assembly of piping systems - operating set NDS 10, production and assembly of chlorine piping, pipeline connections, repairs of pipeline bridges	2011-2012
Promont, PLC, Ostrava	Pipeline installation and pipeline production in operations - MCHZ OSTRAVA, BIOCEL PASKOV	2011-2012
Glatt Pharma Ltd. , Hradec Králové	Production of stainless steel production for pharmacy	2011
Mondi, PLC., Ružomberok, Slovakia	Installation work during shutdown	2011
